Due to the hall being renovated, we are having to close the Dojo at the end of November, so we will be holding the annual awards earlier, it is imperative that anyone who recieved a large annual trophy last year that they return it to Mark next week so that we can get names put on for this years winners.

as more news unfolds we will endeavour to keep you up to date with when the actual last date is and the date which we can return, we are trying to find alternative accomodation but it is proving difficult at the moment.

During the month of December we will be trying also to arrange some visits to other clubs so you do not miss out on any time on tatami.

details will unfold as we know more.

Keep Smiling
